# PROMOTING WORLDWIDE COORDINATION AND COOPERATION AMONG COMPUTER SECURITY INCIDENT RESPONSE TEAMS (CSIRTS)

**SERI KEMBANGAN (25JUNE 2018)** - CyberSecurity Malaysia, the national cyber security specialist and technical agency today hosting the 30th Forum of Incident Response and Security Teams (FIRST) Conference 2018 in Kuala Lumpur.

Commencing today until June 30, FIRST annual conference is the biggest Computer Security Incident Response Teams (CSIRTs) which gather experts all around the world to promote global coordination and cooperation among the CIRTS and a forum for sharing goals, ideas and information on ways to improve global computer security.

A five-day event, the conference includes Incident Response, Management and Technical tracks. There are several presentations from featured invited and keynote speakers, along with tracks for Special Interest Groups (SIGs) & Birds of a Feather (BoFs) sessions. The conference also features Lightning Talks, a Vendor Showcase and Exhibits along with Networking Opportunities.

"We have been actively involved in various programs organized by FIRST globally and contributed in terms of technical knowledge and expertise. As FIRST member since 2003, we have benefited from information sharing on global-level current security threats. With this information, we produced cyber security best practices and guidelines as well as responded to incident reported and queries in a timely manner." said Dato' Dr. Haji Amirudin Abdul Wahab, Chief Executive Officer of CyberSecurity Malaysia.
