FOR IMMEDIATE RELEASE

CYBERSECURITY MALAYSIA COLLABORATES WITH MAY CYBER TEKNOLOJI TO STRENGTHEN CYBER SECURITY INFRASTRUCTURE AND ENCOURAGE TECHNOLOGY TRANSFER

PUTRAJAYA (28 NOVEMBER 2017) – CyberSecurity Malaysia, the cyber security specialist and technical center today signed a Memorandum of Understanding (MoU) with Ankara, Turkey's May Cyber Teknoloji A.S to strengthen cyber security infrastructure.

May Cyber Teknoloji A.S - a leading Turkish ICT company plays a role in developing and manufacturing cyber security products especially in the field of network access control, security incident management, network monitoring, encryption and compliance management.

The MoU was signed by Dato' Dr. Haji Amirudin Abdul Wahab, Chief Executive Officer, CyberSecurity Malaysia and Mr. Mehmet Ali Yalcindag, Chairman of May Cyber Teknoloji A.S. The signing was witnessed by YABhg. General Tan Sri Dato' Seri Panglima Mohd Azumi Mohamed (Retired), Chairman of the Board of Directors, CyberSecurity Malaysia.

"The MoU, which is signed today is to establish strategic partnership with May Cyber Teknoloji based on their technological capabilities and capacity, which CyberSecurity Malaysia finds applicable to adopt in realizing our cyber security vision." said YABhg. General Tan Sri Dato' Seri Panglima Mohd Azumi Mohamed (Retired), Chairman of the Board of Directors, CyberSecurity Malaysia.

Tan Sri Azumi further elaborated, "Through this partnership, CyberSecurity Malaysia contributes to the Foreign Direct Investment (FDI) of the national cyber security industry, as it has successfully convinced foreign cyber security organization to invest in Malaysia."

This MoU identifies the following areas for collaboration : -

1. Collaboration in research and development covering the areas of cyber security technical, tools, methods and processes;
2. Capacity building through competency training programs as well as cyber security skills; and
3. Develop marketing strategies to promote cyber security.

"May Cyber Teknologi A.S looks forward to develop a hub in Malaysia to expand our services and technological expertise to ASEAN countries including members of the Organization of Islamic Cooperation - OIC. Hence, we will set up our first regional office in Malaysia and collaborate with another local company, Nexagate Sdn Bhd to promote technology transfer." said Mr. Mehmet Ali Yalcindag, Chairman, May Cyber Teknoloji A.S.

An action plan will be developed to assist and monitor the implementation of activities and promote information sharing between the two organizations, in order to realize these collaboration areas.
