05 January 2016

FOR IMMEDIATE RELEASE

CYBERSECURITY MALAYSIA LICENSED PUTRA INTELEK INTERNATIONAL COLLEGE (PIIC) TO CONDUCT TRAINING ON CYBER SECURITY

KUALA LUMPUR (5 January 2016) – CyberSecurity Malaysia, the national cyber security specialist centre under the Ministry of Science, Technology and Innovation (MOSTI) today signed memorandum of agreement (MoA) with Putra Intelek International College (PIIC), which would allow PIIC to provide marketing support for the Information Security Training (IST) Programs and also conduct training on IST with the help of CyberSecurity Malaysia.

The signing ceremony took place at the headquarters of CyberSecurity Malaysia at the Mines Resort City, Selangor, Malaysia.

The MoA with PIIC is focused on the **Platinum Licensing Package of the CYBERSECURITY MALAYSIA TRAINING RESELLER PROGRAM.** CyberSecurity Malaysia agrees to appoint PIIC as the Reseller or marketing agent for selected Information Security Training (IST) Programs. It is a non-exclusive, non-transferable, non-assignable license to market the IST Programs in Malaysia.

"The main beneficiary of this partnership and MOA are the students of PIIC and the community at large. Especially those who are interested to further their studies and become cyber security professionals." said Dr. Amirudin Abdul Wahab, the Chief Executive Officer of CyberSecurity Malaysia.

Dr. Amirudin also said that every year, between 600 and 800 cyber security professionals in Malaysia take up professional certification program.

"To date, we have approximately 5190 cyber security professionals in Malaysia. With the help of PIIC, we could increase the number of relevant training by about 100 to 200 professionals per annum. This will contribute to the national target of finally having at least 10,000 certified cyber security professionals in Malaysia by 2020, to serve the rapidly growing cyber security sector in the country." Dr. Amirudin added.
