### SECURING OUR DIGITAL LANDSCAPE: PREVIEW OF THE DIGITAL RESILIENCE PROGRAM BY CYBERSECURITY MALAYSIA

**KUALA LUMPUR, 8 August 2024** – CyberSecurity Malaysia, the national cybersecurity specialist agency, is proud to announce the preview of our Digital Resilience Program, developed in collaboration with a leading cyber takaful & risk advisory corporation, which aims to enhance the cybersecurity posture of large corporations and institutions, SMEs (On Group Basis) and micro individuals (On Group Basis) in the face of evolving cyber threats.

Organizations of all sizes are encountering unprecedented challenges in safeguarding their sensitive data and digital assets amid today's evolving digital landscape. The Digital Resilience Program is designed to address this critical need by offering a suite of comprehensive solutions, including cyber takaful, risk consulting, and strategic risk management services. These integrated offerings empower businesses and individuals to proactively manage and mitigate cyber risks, ensuring operational continuity and resilience in the face of emerging threats.

To commemorate the preview, the Digital Resilience Forum (To Insure or Not To Insure) was held featuring four (4) esteemed experts from the various background and industry experience. The forum panellists are Aishah Farha, Chief Information Security Officer, Permodalan Malaysia Berhad; Devakumaran Palnisamy, Senior Vice President, Marsh Insurance Brokers (Malaysia) Sdn Bhd; Suresh Sankaran Srinivasan Group Head of Cyber Security, Axiata Group Berhad; Ts. Dr. Ismamuradi Abdul Kadir, Chief Information Security Officer, Bank Muamalat Malaysia Berhad and Dr. Kavitha Muthy, Chief Strategy Officer, Intellize Tech Services as the moderator.

The Digital Resilience Program offers tailored solutions for large corporations and institutions, SMEs (On Group Basis) and individuals (On Group Basis). Digital Resilience Program serves

as a crucial safety net to address the unique challenges faced by businesses and *Rakyat* in the digital era.

Moreover, the program marks the official unveiling and preview of CyberSecurity Malaysia's Digital Resilience Program, a comprehensive digital security solution for all segment of industry and individuals.
